### EAAE AMBASSADORS - WE NEED YOUR NAMES

For all Member Schools

AEEA is changing to keep up with the times. We have new members, new projects and new ideas. The Association has been active for over 30 years and has achieved many successes - but we have never been the best at communicating about them and we're changing this too.

At Chania September 2009 we announced that we would improve communications about AEEA activities - we need your help to do so!

In spring 2009 we wrote to each Head of School asking for the nomination of a staff member to become "EAAE Ambassador" for the school.

We didn't get many replies and we need to complete our list of names. If you have not done so then please reply today.

What is an "ambassador"? Simple! Your ambassador is the person who ensures that AEEA

activities are publicised in your school. S/he will receive posters and announcements of competitions, prizes, workshops, conferences and special events - and ensure that staff and/or students are aware of what's going on in the world of architectural education and research.

When we need to communicate we'll do so via the Ambassador. It could be the Head of School or another staff member, but your Ambassador should attend the Chania meeting 2010 and will be welcomed as an active member of the Association.

Send us the name of your AEEA ambassador, by return, to [eaesophiameres@eaae.be](mailto:eaesophiameres@eaae.be)

Many thanks for your assistance  
Francis Nordemann  
President EAAE

Notice that the email address has been changed. Please send the email again and accept our sincere apologies

23-26 Jun 2010

ARCC/EAAE 2010  
International Conference

### The place of research, the research of place

Howard University &  
American Institute of  
Architects  
Washington, USA

2010

European Urban Design  
Laboratory, Tilburg (NL)
