coordinator: Stefano F. Musso

Genoa (ITALY), 18-20 October 2007 - Faculty of Architecture of the University of Genoa - Stradone di S. Agostino, 37

### FINAL PROGRAMME

## Teaching Conservation/Restoration of Architectural Heritage Goals, Contents and Methods

ΑΝΑΓΡΑΦΑΣΤΑΣΙΣ / RESTORATION

Acropolis Museum- Athens

School of Specialization in Restoration of Monuments

University of Genoa

Faculty of Architecture  
DSA - Department of Sciences  
for Architecture

**The workshop** represents a further initiative and a new start for the Thematic Sub-Network on Conservation within the EAAE and ENHSA and it will be the occasion to bring together educators in conservation from various European Schools of Architecture so that:

- they can investigate similarities and differences in the contents and pedagogy of teaching within the field of conservation/restoration of architectural heritage;
- they can examine the ways in which the teaching of conservation/restoration fits into the curricula of different schools;
- they can critically compare educational objectives and strategies implemented by the schools in relation to conservation/restoration teaching;
- they can exchange ideas and thoughts on new teaching methods and discuss the role of the teaching of conservation/restoration for an architect.
