The EAAE Research Academy (RA) is a think-tank, articulating and promoting common concerns and interest in architectural research. It offers a platform for reflecting upon, and responding to topical issues, thus revealing and underpinning actions, claims, and positions to be taken, inside and outside of EAAE.

Discussion 1: Experiences with Policy Papers

Examples of policy papers on research and doctoral frameworks
What is the contents and background/purpose these policy papers?
What is their impact?

Discussion 2: Doctoral Frameworks

The research contexts (thematic profile, in any)
Quality criteria/assessment procedures at the key moments of doctoral/postdoctoral training
Phd award examples

We cordially invite you to develop the EAAE Research Academy mission!
